## SOUCH-SUCH

Erster Sheil.

Von unterschiedlicher Art der Blumen/ und anderer genehten Mödel/ nach jeziger Manier/ allen Liebhaberinnen dieser Kunst zum besten vorgestellet von

Rosina Helena Fürstin.

Anjeto zu finden ben Joh. Christoph Weigels, seel. Wittib. 1728.

## Vorrede.

AGOtt der HErr den Menschen Anfangs geschaffen, hat Er ihm eine vernünftige Seele mitgetheilet, die nicht allein das Rechte, von dem Unrechten, das Gute von dem Bösen, kunte unterscheiden: sondern auch geschickt war, allerlen Wercke, Arbeit und Künste zu ersinden; vor dem Fallzwar, ohne Müste und Verdruß; nunmehr aber, nach dem leidigen Sünden: Fall, offtmalen, mit großer Bemühung, in vielen Schweiß, und mancherlen Überdrüssigkeit. Welches die Würckung ist

des Fluches, den GOtt dem Adam, um der Sünden willen, aufgeleget hat. Im Schweiß deines Angesichts sollt du dein Brodt essen, 1. B. Mos. 3, 19.

Solche Werke aber, Arbeit und Künste sind nicht alle einander gleich. Etliche sind so beschaffen, daß sie viel Nachsinnens, und zugleich auch viel Hand Arveit erfordern, und diese zivar, mit nicht geringer Liebs-Bewegung, darzu dann starcke Manns: Personen gehören, so darzu die Kräffte haben. Dergleichen die edle Baukunst ist, die einen klugen sinnreichen Meister bedarf, ein Werk anzugeben, und starcke Personen, die solches ausrichten. Etliche sind zivar sinnreich, aber nicht so arbeitsam, wie die Kunst der Mahseren, die ein verständiger Kopf, ohne starcke Leibes-Glieder, bestehen kan. Etliche bedörffen zivar nicht viel Nachsinnens / aber starcke Leibs Kräffte, die ihrer können mächtig sverden, wie theils, so das Eisen bezwingen, daß es, zu dem, oder diesem Sebrauch, kan nuß senn. Etliche werden mit grosser Gerfahr verrichtet, wie die, so zwischen der Erden, in den Stein: Klüsten und Bergwerken, ihre Arbeit und Verrichtungen haben.

Etliche hingegen sind wiederum zärter und subtiler, darzu subtile Gliedmassen gehören, die solche verfertigen, dergleichen das künstliche Nehen, Seisdenstlichen, Goldweben, und anders mehr ist. Zu svelcher Arbeit sonderlich, das Chrisdliche Frauen-Zimmer am geschicktesten ist. Dann, wie die Natur das Weibl. Geschlecht, mit geschmeidigern, artlichern, und also auch Adelischern Leibes-Gliedern versehen, als das Manns-Geschlecht, daher es Petrus, wegen seiner Zärtlichkeit, den schwächsten Werckzeug nennet, 1. Ep. 3.7. also kan es nicht der schweren und mühsamen Hand-Arbeit, die eine große Stärcke erfordert, fürstehen, sondern muß sich, um subtilere, und solche Gesschäffte, annehmen, die seiner Natur gemäs, und nicht, über deren Vermözgen, ist.

Dann, ob man schon theils Weibs Personen sindet, die sich, in solche Verrichtungen, einlassen, die sonst, wegen ihrer Mühsamkeit, ihrem Geschlechzte ungewöhnlich, wie es unter dem Fürst und Adelichem Frauen-Zimmer unzterschiedliche Heldinnen gibt, so die Cavallieurs exercitia so svohl verstehen, und dieselbige practiciren können, als wohl mancher tapsferer Cavallieur nimmermehr; so doch solches nichts gemeines, und bleibt dennoch dem Weiblis

chen Geschlechte ihre angeborne Subtiligkeit unvernichtet.

Daher sind schon von vielen tausenden Jahren her, die Israelitische Weiber berühmet, welche, nach dem Auszug ihres Volcks, aus Egypten, die Hütten des Stifts, die Moses, auf den Befehl GOttes, aufgerichtet, mit ihrer Hand-Arbeit gezieret, so dann nicht war, daß sie das Eisen zubereiteten, oder das Jöhrenholtzimmerten, oder was dergleichen, zu dem Hütten-Bau, gehörte, sondern die verständige Weiber, sagt Moses, wirckten mit ihren Sänden, und brachten ihre Wercke von geler Seiden, scharlaken, rossinden, und brachten ihre Wercke von geler Seiden, scharlaken, rossinden

sinroth, und weisser Seiden, und welche Weiber solche Arbeit kunten, und willig darzu waren, die wirckten Ziegen-Zaar. 2. B. Mos. 35, 26.

Was istes demnach Wunder, daß auch noch heut zu Tage, das Kunst: und Tugendeliebende Frauen-Zimer, sich mit dergleichen Verrichtungen, belustiget, und was nur, in solchen Studen, lobivurdiges senn kan, sich dessen je mehr und mehr

befleisiget, und an solcher Wissenschaft zuzunehmen, Gelegenheit suchet:

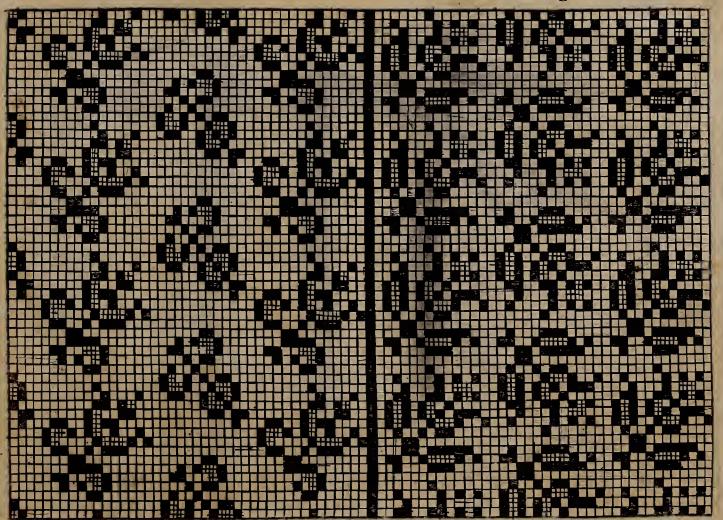

Und, zu diesem Absehen, nemlich den Lehrbegierigen und Kunsteiferigen Frauen und Jungfrauen, die ihre Lust, nicht an mussig gehen, sondern an schöner, ihrem Stand und Geschlechte, tvohlmässiger Arbeit haben, einige Anleitung zu geben, daß sie entsveder solcher Wissenschaft verständig, oder, nach schon albereit darinnen habenden Verstand, noch volltommener, und endlich, zu mehrern sinnreis thern Erfindungen, selbst angereißet wurden, ist nunmehr dieses so genannte Teue Model-Buch, verfertiget worden, Behuf dessen, im Sticken, kunstlichen Nehen, und dergleichen, mancherlen Verrichtungen, dem löblich besagten Frauen-Zimer, gezeiget und fürgestellet werden derer sie sich, nach ihrer Tugendhafften Bescheidenheit und unferm Dienst-begierigen Verlangen, nicht ohne Nugenzu bedienen baben.

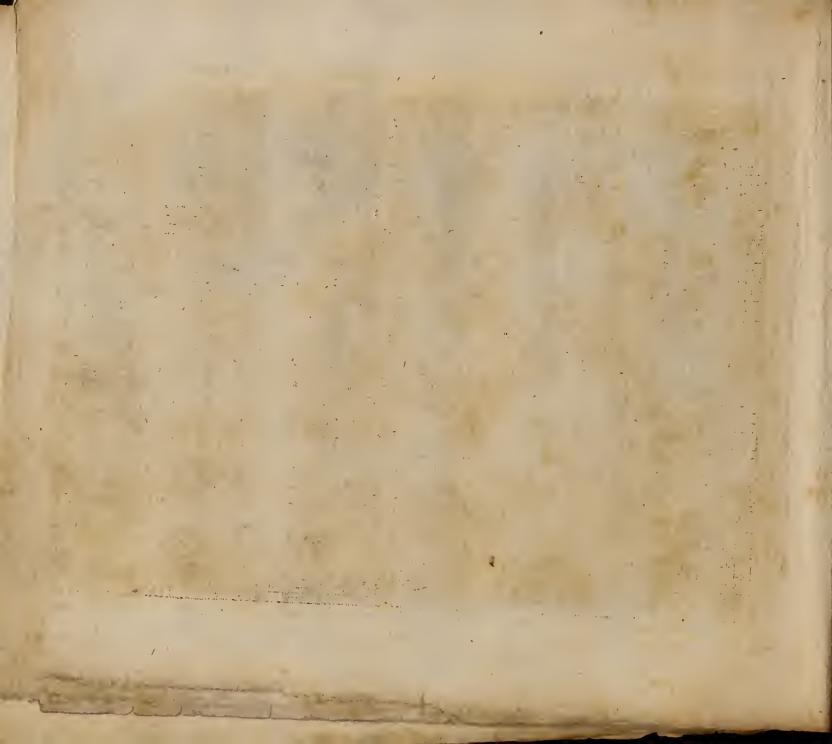

Alldiesveil aber die Unvollkommenheit allen Dingen in der Welt beståndig anhänget, und also auch dieses Fürnehmen darvon nicht befrenet, so werden dans nenhero die jenige, welche solche Unvollkommenheit, dieses Orts befinden, Ehrenge: bührlich ersucht und gebeten, unsere gute Meinung und Intention derentsvegen nicht zu verlästern, sondern den Wercklein lieber, durch ihre Verbesserung, ins

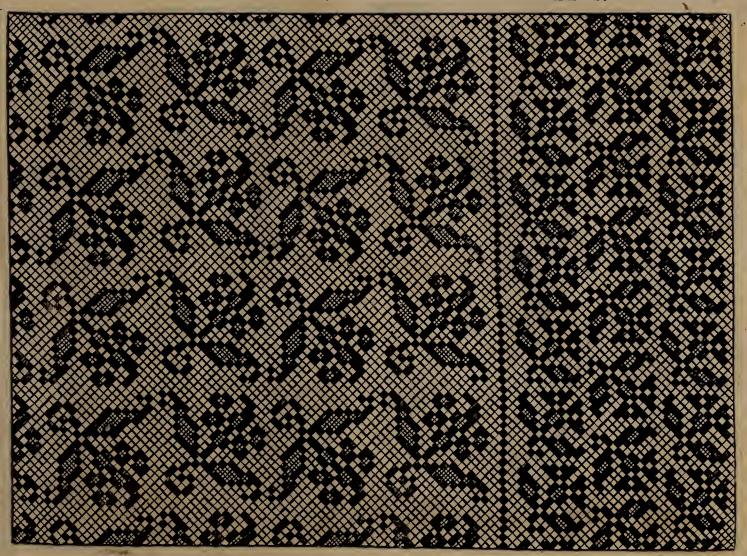

kunfftig, zu mehrer Volkommenheit zu helffen, und uns also, in die= sem, und dergleichen Pas, ihnen ferner aufwartig zu senn, mit ihrer Leutseeligkeit, noch weiter verbundlich au machen.
